Subject: Re: Request for Qualifications of Geoscience Data Analytics Center – Saudi Arabia’s Advanced Analytics Platform

To Dr. Wadee Kashghari,

My name is Keith Dimech – the COO of Lithodat Pty Ltd. We were honored to review the below application guidance for the Qualifications of Geoscience Data Analytics Center – Saudi Arabia’s Advanced Analytics Platform. We are in the process of applying and as part of this process we require a MISA investment registration for foreign entities.

To obtain this, the [Investsaudi.sa](https://investsaudi.sa) process requires “A Letter from the government agency awarding the contract”. Would it be possible to have a letter directed to Lithodat Pty Ltd inviting us to apply for the program. If a name is required, please could you make it out to Dr. Fabian Kohlmann, our General Manager and CEO.

I thank you for taking the time to review this request - please do not hesitate to contact me for any further clarifying questions.
